

Marin Yacht Club

Cruising Points

CRUISE PENNANTS

What is that handsome swallow-tailed pennant that you are flying? This is a question often asked at a Marin Yacht Club Cruise. This is followed by, how (or where) can I get one?

The blue and gold pennant with the blue stars is our official cruising flag, authorized by the Board of Directors in 1984, and may be flown by any Member who participates in a Club Cruise. The how, and where follows.

First go to the office and ask for a "Cruising Log". In addition to space to enter eleven cruises, the folder contains the rules. After you have completed one cruise, return to the office and pick-up a pennant. There is a small charge. After four cruises you are entitled to star. Again, this is arranged through the Office. After each cruise, enter the details and at the end of the year ask either the Cruise Director or the Cruise Chair to validate the entries.

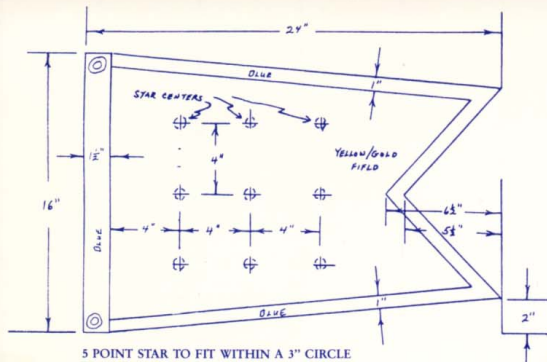

The pennants offered are 18", 24" and 30" on the fly. The same guidelines used to size our Burgee apply. A forty-two foot boat would use a 24".

Long time member Bob Jenson designed the pennant and formulated the rules. Among his other contributions to the Club, Bob designed and built the two bar tops for the Club House.

Newer members may wonder as to how others have accumulated dozens of points. The answer is longevity and blue water cruises that cover thousands of miles and months of living aboard. "Parking" your boat in a Delta marina for the summer does not qualify one for these extra points.

For those over-achievers who wish to lead in number of points earned, take comfort knowing that when another member sails to that big Yacht Club in the sky, the name is then stricken from the rolls and you will move up a step. To get involved and collect your own cruising points print the following card and follow the instructions on it!

Bon voyage!

5 POINT STAR TO FIT WITHIN A 3" CIRCLE

Marin Yacht Club Cruise Pennant Requirements

In future use, blue stars will be added starting in the upper left corner (vertical column nearest the hoist) working down, then starting second row in upper center, working down, lastly starting upper right (last or most outboard row), working down. Tenth earned star will start use of second pennant—completing in same order as above. Subsequent pennants will be flown directly underneath the first completed pennant. Stars will be of a size to fit within a 3" circle (16" x 24" size).

Skipper will maintain cruising log with ship's papers and have Cruise Chairman or Cruise Committee Chairman validate each cruise entry, during the course of the cruise, or upon completion of a cruise.

Merit Star Qualifications:

Four Marin Yacht Club Cruise Points will qualify for one star.

1 Cruise Point per authorized Marin Yacht Club Cruise. (Member on his yacht, owned or chartered.)

1 Cruise Point per 500 nautical miles of blue water passage.

1 Cruise Point per 30 days of continuous on-board short distance cruising.

(San Francisco Bay & Delta area excepted)

Pennants will be of 3 sizes:

- (A) 12" Hoist by 18" Fly (2 1/4" stars)
- (B) 16" Hoist by 24" Fly (3" stars)
- (C) 20" Hoist by 30" Fly (3 3/4" stars)

Pennants will be flown as prescribed in **Chapman's Guide to Yachting**.
